ORTHODONTICS		
Orthodontic treatment for children and adults is provided at a 25% reduction from the Plan Specialist's normal retail charges.		
The Plan Dentist you select may not perform all procedures listed. The copayments shown apply to those Plan Dentists who perform those services. Therefore, you are encouraged to discuss availability of the scheduled services with your Plan Dentist. Charges for procedures not listed on the Copayment Schedule that are performed by your Plan Dentist are not covered under the Secure Choice Plan.		
Should you require dental services that your selected Plan Dentist is unable to provide, you may obtain those services from a Plan Specialist at a reduced rate. No referral is needed from your Plan Dentist in order for you to obtain services from a Plan Specialist. There is no applicable copayment schedule for Plan Specialist services. Instead, the following reductions off the Plan Specialist's normal retail charges apply to all services received from a Plan Specialist. A 15% reduction applies if the Plan Specialist is an endodontist. A 25% reduction applies if the Plan Specialist is any other type of specialist, including but not limited to an orthodontist. You are responsible for paying the entire reduced charge at the time the service is received, or in accordance with the Plan Specialist's billing procedures.		
Payment for each service of a Non-Plan Dentist or Non-Plan Specialist (at that provider's normal retail charge) is your responsibility, except for limited Plan Benefits for covered dental Emergency Services for temporary pain relief. Availability and participation of Plan Dentists and Plan Specialists are subject to change.		

**Members are responsible for additional lab fees for these services.

¹The Average Retail Charges were determined by Assurant Employee Benefits claims analysis for the year 2005. The Retail Charges represent a mean average rounded to the nearest dollar representing what you may pay without the plan services.

What are copayments?

Copayments are reduced fees that you pay directly to the dentist for some dental treatments. A partial list of some frequently used dental treatments is included on the back of this brochure. This list shows you the potential savings with Assurant Employee Benefits versus what you would pay without this Plan.

Cosmetic dentistry

Assurant Employee Benefits understands the importance of your appearance. That's why we have included cosmetic services, such as bleaching and bonding procedures, in your plan benefits.

Orthodontic benefits

The Secure Choice Plan includes reduced fees on Orthodontic procedures for children and adults. Plan Orthodontists provide reduced fees of 25% off his or her normal retail charge. Orthodontic services are available only in areas where Assurant Employee Benefits has Plan Orthodontist(s) who provide those services. Orthodontic treatment begun prior to your plan effective date is not eligible for this benefit.

Specialist benefits

Should the services of a specialist (oral surgeon, endodontist, orthodontist, periodontist, or pedodontist) be necessary you may seek treatment from any Plan Specialist listed in our printed or online directory. If an oral surgeon, orthodontist, periodontist or pedodontist provides treatment you will receive 25% off that specialist's normal retail charges. For treatment by an endodontist you will receive 15% off that specialist's normal retail charges. Specialist services are available only in areas where Assurant Employee Benefits has Plan Specialist(s). Please note that payment for a service performed by a Non-Plan Specialist is your responsibility.

How do I join?
