Family Share Max

Some things are meant to be shared!

Introducing Family Share Max, a new approach to dental insurance replacing the traditional individual maximum with a pooled maximum family members can share. Assurant Employee Benefits is the first to allow family members to share dental coverage dollars in a way that can effectively meet their needs and budget.

Share the Benefits:

- Provides additional care to family members that need it most
- Use additional dollars in the first year of coverage
- Shared dollar amount between family members covered under the insurance plan
- No limitations or requirements generally typical of roll over plans
 - The best news is that Family Share Max is SIMPLE to use!

58% of consumers say that one or two people in their family require more dental work than the rest of the family members.¹

Plan options

Family Share Max offers two plan options selected by the employer – base option available at no cost and an affordable buy-up option available. Family Share Max amounts are based on individual maximum options and the employee tier. For example, an employee and spouse would “share” \$1,500 in the base option or \$2,000 in the buy-up option. Here is an example of the \$1,000 individual maximum option:

Employee Tiers	Base Option	Buy-Up Option
EE only	\$ 1,000	\$ 1,000
EE+Spouse (shared)	\$ 1,500	\$ 2,000
EE+Children (shared)	\$ 1,500	\$ 2,000
EE+Family (shared)	\$ 2,000	\$ 3,000

Family Share Max is the latest feature of our Lifetime of Smiles[®], and is available on new business effective June 1, 2008. Call your Assurant Employee Benefits sales representative today to learn more about how Family Share Max can offer more advantages for the same cost!
